"A Concert to Remember" is a musical community event providing an opportunity to come together to honor and remember those lost through tragedy. Many of our loved ones are leaving this planet through acts of suicide, overdose, addictions and tragic accidents. After the funeral, we are left with the pain and the fear of our loved one being forgotten. This concert is a place to join together to remember. The candle lighting ceremony, moving music and upbeat performances will be focused on the process of grief and its emotions, exploring anger, frustration, sadness, lessons learned, forgiveness, peace, love, joy and celebration, leaving everyone with a feeling of release, connection and purpose.

The concert proceeds benefit "Ben Speaks," whose mission is to C.A.R.E. - Create Alternative Resources for Expression - and empower our youth to be the change they want to see in the world. The nonprofit organization strives to STOMP OUT teen suicide by decreasing the need for medication to address the challenges of depression, addiction, mental illness and low self-worth by encouraging youth to use expression towards proactive solutions.

Light a candle in memory of a loved one.
